

New Jersey Non-Resident Cardscan

Universal Enrollment Platform Processing Overview

Cardscan processing is available for those applicants residing outside of New Jersey. In order to complete the process, applicants must complete the following steps.

1. Obtain fingerprints on FBI (FD-258) fingerprint card and complete personal information fields on fingerprint card.
2. Pre-enroll for cardscan submission at UEnroll.identogo.com. All processing fees will be collected during the pre-enrollment process. A pre-enrollment confirmation page will be provided once registration is complete.
3. Print and sign the completed pre-enrollment confirmation page, which includes the barcode printed on the top right of the page. Mail the signed pre-enrollment confirmation page and the completed fingerprint card to the mailing address provided by your agency or during the pre-enrollment process. For further instructions, each applicant should contact their employer or agency contacts for those details.

Requirement Reminder: *Out-of-state applicants who reside, attend school, or work within a ten (10) mile radius or less of the State of New Jersey borders must be printed at a NJ fingerprint location. NJ's master zip code list will determine the 10 mile or less radius.*

Please review the following pages for more detailed instructions regarding the Universal Enrollment Platform Pre-Enrollment process.
