

Universal Enrollment Platform Overview

New Jersey Non-Resident Processing Instructions

Card Scan and Out-of State Livescan Procedures

Cardscan processing is available for those applicants residing outside of New Jersey. In order to complete the process, applicants must complete the following steps.

1. Obtain fingerprints on FBI (FD-258) fingerprint card and complete personal information fields on fingerprint card.
2. Pre-enroll for cardscan submission at UEnroll.identogo.com. All processing fees will be collected during the pre-enrollment process. A pre-enrollment confirmation page will be provided once registration is complete.
3. Print and sign the completed pre-enrollment confirmation page, which includes the barcode printed on the top right of the page. Mail the signed pre-enrollment confirmation page and the completed fingerprint card to the mailing address provided by your agency or during the pre-enrollment process. For further instructions, each applicant should contact their employer or agency contacts for those details.

Requirement Reminder: *Out-of-state applicants who reside, attend school, or work within a ten (10) mile radius or less of the State of New Jersey borders must be printed at a NJ fingerprint location. NJ's master zip code list will determine the 10 mile or less radius.*

Please review the following pages for more detailed instructions regarding the Universal Enrollment Platform Pre-Enrollment process for non-resident cardscan. For an alternate process, we also offer out-of-state livescan processing at select locations throughout the United States. Please see Section 2 for further details.

ATTENTION!

All applicants are strongly encouraged to visit an enrollment center to have their fingerprints collected. Submitting a hard-card should be a last resort for either out of state applicants or home-bound applicants.

- Please be aware that submission of incorrect or invalid data, including but not limited to incorrect agency, fingerprint reason, or applicant demographic data, that results in the need to conduct a new fingerprint submission will be at the applicant's cost.
- Fingerprints submitted on hard-cards are typically of lower quality and often result in FBI rejections
- Processing of hard-card submissions takes significantly longer and will cause delays for you and your agency

Please confirm with your agency or organization that you are eligible to submit your fingerprints by hard-card.
